

Top Releasable Guidepost GPTR

Special dimensions can be calculated to match required length and load

- Different diameters of the Guide Post Body and length are available
- Interface towards standard Imenco Guideline anchor at top
- Requires no special Anchor or tool to operate the locking mechanism towards the Receptacle
- Standard receptacles are foreseen to be welded to the subsea structure
- Standard or Standard Slimline Anchor may be used for Guide Wire
- Anchor for lifting shall have either Safety Sleeve or Safety Clip
- Locking ring close to top of Guide Post locks the locking mechanism for the Guidepost to the receptacle
